

Harmony MBTI Personality Profiling

Unlocking the real you

Does your personality affect your relationships with others? You bet it does and with the knowledge you will gain by understanding your Myers Briggs Type Indicator (MBTI) © personality profile you can become even more powerful and effective in your future relationships.

You will often find you think and feel differently than others in the way you interpret information and make your decisions, you may not have considered why. Consider the huge potential you will gain in your professional and personal relationships when you are able to get a deeper understanding of how another person's mind works in their decision making, problem solving and buying behaviour.

Harmony will give you that advantage with MBTI personality profiling. With over 3.5 million undertaken per year worldwide, the MBTI is one of the most popular personality profiling instruments in the market place today. With over 50 years of research it is also one of the most tried and tested.

With the Harmony MBTI become more efficient in:-

- Problem solving
 - Decision making
 - Sales negotiations
 - Presentations
 - Conflict resolution
 - Communication
 - Action planning
- and so much more.

Call now and engage Harmony to undertake your personal profile or let us deliver for you the popular one-day MBTI team event. In this fun workshop you will explore your personal and team profiles whilst identifying the MBTI strengths and development areas in your team.
